FOR
LEGISLATIVE REVIEW

2005 - 2006
EXPENDITURE ESTIMATES

PREFACE

This document has been produced by the Seniors and Healthy Aging Secretariat as a departmental supplement to its Printed Estimates of Expenditure. It is intended to provide background information on the department which complements the information already contained in the Printed Estimates of Expenditure. It is hoped this additional information will assist members of the Legislature in their review of the department's estimates.

The contents of this supplement are organized into three parts. The first part provides an overview of the Seniors and Healthy Aging Secretariat's 2005/2006 budget requirements. The second part provides program and financial information including details of staffing requirements and expenditures. The information in part two is organized on the basis of existing main appropriations so that it will provide an easy cross-reference to the Printed Estimates of Expenditure. Part three provides a five-year historical budget comparison. A standard glossary of terms is also included at the end of the document.

This document has been developed to assist members of the Legislature in the review of the Printed Estimates of Expenditure. It is hoped that it will provide a meaningful information supplement and that it will meet the needs of the users of the information. I welcome feedback as to the usefulness of this supplementary information.

HISTORICAL INFORMATION

Established in 1980, the fifteen-member Council serves as an advisory body to the provincial Minister responsible for Seniors.

The Council originally reported through the provincial gerontologist to the Minister of Health. In May of 1994, Council began reporting directly to the Minister responsible for Seniors. The change was made to consolidate activities related to seniors and to reflect the broader range of issues, beyond the health care sector, relevant to seniors in Manitoba.

In November 2004, The Manitoba Council on Aging Act was introduced to continue the work of the Council.

ROLE AND MISSION

The Manitoba Council on Aging is an advisory body to the Minister responsible for Seniors.

The overall responsibilities of the Council include:

- identify areas of opportunity for Government in adapting programs, policies and services to accommodate the age structures of Manitoba's population;
- increase public awareness and understanding of the aging process and its implications for all age groups in Manitoba;
- review and provide recommendations on projects, programs, proposals, and legislation to better reflect seniors' changing needs, issues and concerns as referred by the Minister; and
- provide an opportunity for dialogue through appropriate meetings with relevant organizations, groups and individuals to fulfil its mandate.

A description of the responsibilities of the Council is included in Part II.
